# New Business Systems Workbook

The systems most new businesses need in their first month.

## CORE SYSTEMS

- [ ] **Domain provider**
  Holds the business domain and controls where it points for email and the website.
  EXAMPLES Cloudflare, Namecheap, Porkbun

- [ ] **Email provider**
  Hosts business email on the domain.
  EXAMPLES Google Workspace, Microsoft 365, Zoho Mail

- [ ] **Business phone system**
  Handles calls and texts on a number separate from a personal cell.
  EXAMPLES Google Voice (with Google Workspace), RingCentral, Grasshopper

- [ ] **Scheduling system**
  Manages the business calendar and lets clients book time.
  EXAMPLES Google Calendar, Calendly, Acuity Scheduling

- [ ] **Website platform**
  Hosts the website and collects inquiries through its forms.
  EXAMPLES Wix, Squarespace, WordPress

- [ ] **CRM**
  Stores client contact details and tracks inquiries from first contact on.
  EXAMPLES HubSpot, Pipedrive, Zoho CRM

- [ ] **Project management platform**
  Tracks tasks and client work from start to finish.
  EXAMPLES Airtable, monday.com, Asana

- [ ] **Invoicing and payment system**
  Sends invoices and collects card or bank payments.
  EXAMPLES Stripe, Square, QuickBooks

- [ ] **Accounting software**
  Records income and expenses for tax time.
  EXAMPLES QuickBooks Online, Xero, Wave

- [ ] **Cloud storage**
  Holds shared documents and templates.
  EXAMPLES Google Drive, Dropbox, OneDrive

- [ ] **Password manager**
  Stores logins and controls who has access to which accounts.
  EXAMPLES 1Password, Bitwarden, Dashlane

# Depends on your business

Not every business needs these. Check the ones that match how your business operates.

## ADD-ON SYSTEMS

- [ ] **E-commerce platform** — For product sellers
  EXAMPLES Shopify, Square Online, WooCommerce
- [ ] **E-signature platform** — For contracts and proposals
  EXAMPLES DocuSign, Dropbox Sign, PandaDoc
- [ ] **Payroll system** — For businesses with staff
  EXAMPLES Gusto, ADP, QuickBooks Payroll
- [ ] **Time tracking system** — For hourly billing or staff hours
  EXAMPLES Toggl Track, Harvest, Clockify
- [ ] **Email marketing platform** — For newsletters and promotions
  EXAMPLES Mailchimp, Kit, MailerLite
